EVALUATION

At the end of the internship, the evaluation is as follows.

Internship report (scientific project)	50%
Internship diary	15%
Evaluation by the supervisor of the host institution	25%
Evaluation by the academic supervisor	10%
Total	100%

The evaluations by the supervisor and the academic supervisor (professor) will take into account, among other things, the respect of the deadlines and commitments, the quality of the work accomplished, the capacity of initiative of the student and her/his autonomy. A form is available for this purpose on the web page of the department: <http://geographie.umontreal.ca/ressources-services/ressources-et-formulaires/>
